

Are your students learning a language? We have the perfect class project for them!

The **SBS National Languages Competition** is back and it's going to be bigger and better this year, starting Monday 15 October 2018.

We're calling out to all language teachers to involve their students to send in a photo of a person, place or activity showing the possibilities created by learning a language.

Watch the video below and visit [sbs.com.au/nlc18](https://www.sbs.com.au/nlc18) for the latest information and resources.

With the competition opening early in term 4, why not get your students to start preparing their photo entries in the school holidays?
