

FATFA LANGUAGE-PEDAGOGICAL BURSARIES

FATFA, in conjunction with the French Embassy, is delighted to announce pedagogical bursaries (\$500 each) to support Australian French teachers and their students in 2025.

The funds can be used to finance either teacher professional development e.g. contribution to the cost of a course designed to upskill or maintain language skills, of an event or a conference (including travel, accommodation or registration expenses); or to finance a student event to promote French in your establishment e.g. to subsidise a guest speaker or an excursion; or to create exceptional pedagogical resources to be shared amongst other teachers of French.

To apply

Please note that applicants must be members of their state or territory French Teachers' association.

In 300 words maximum, detail the event, your objective in attending/organising the event, and potential benefits, as well as a provisional budget and any other contextual information that you deem relevant.

Applications should be sent to: fatfapresident@gmail.com

Deadline: Friday February 28, 2025

Applications will be assessed on their own merit relative to their objectives, reach and pedagogical relevance. Successful applicants will be notified early March, and the money will be available in mid-March; it must be spent by the end of 2025.

Successful applicants will need to provide evidence of how the money was spent e.g. receipts, photos and a paragraph detailing the event and its benefit to you/your students.
