

The French Section of the MLTA ACT Inc. presents

USING AI TO TRANSFORM THE FRENCH CLASSROOM: PRACTICAL APPLICATIONS FOR TEACHERS

A 2 HOUR ONLINE PROFESSIONAL LEARNING SESSION FACILITATED BY JOE DALE

Join us for a comprehensive two-hour workshop designed especially for French language teachers in the ACT and Tasmania. This session will empower you with practical skills for integrating AI tools into your French language teaching. We will guide you through creating engaging activities that enhance listening, speaking, reading, and writing skills using a variety of AI tools, including Magic Padlet, Turboscribe, Mizou, Diffit, Image Accessibility Creator, Brisk, AudioPen, Questionwell, OpenStreetMap, and Google Earth Projects. By the end of the workshop, you will have crafted a variety of activities tailored to promote comprehensive language learning and will be ready to implement these innovative techniques in your own classroom, fostering a more interactive and inclusive learning environment.

WEDNESDAY
4 SEPTEMBER, 2024
6:00-8:00 PM

Joe Dale is an independent languages consultant from the UK who works with a range of organisations such as Network for Languages, ALL, The British Council, the BBC, Skype, Microsoft and The Guardian. He was host of the TES MFL forum for six years, former SSAT Languages Lead Practitioner, a regular conference speaker and recognised expert on technology and language learning. He has spoken at conferences and run training courses in Europe, North America, South America, the Middle East, the Far East and Australasia. He was a member of the Ministerial Steering Group on languages for the UK coalition government and advised on the Linguanet Worldwide project for The Language Company. He created ICT activities for the new Institut Français, ALL and Network for Languages Primary French Project Niveau Bleu, Blanc and Rouge courses and was short-listed for a NAACE Impact Award in 2013 too. Joe supported the Erasmus Plus project Conflict to Cooperation with 5 European countries and the Erasmus Plus Project Learning to think and live outside the box. He recently organised and co-hosted a 10 part series of webinars Saturday Tech-Talk in collaboration with the British Council in Indonesia and iTELL and worked on the Nusantara Go project for the British Council in Indonesia and PearTree Languages in 2022. He also worked on the Supporting Schools Reform in Algeria project through the British Council 2019-2020. He was recently described in a Guardian article as an 'MFL guru' and 'the man behind the #mfltwitterati.'. Joe's new Facebook group 'Language Teaching with AI already has over 4200 members!
